January 1, 2019

Ms. Claudia Bashaw
Transportation Services Coordinator
Hocking Athens Perry Community Action
3 Cardaras Drive / PO Box 220
Glouster, OH 45732

Dear Ms. Claudia Bashaw:

I am writing on behalf of Greyhound to confirm and document the contribution of Greyhound's unsubsidized expenses on schedules connecting with the subsidized feeder service as a source of local in-kind matching funds for the projects identified on the attached Exhibit A for the period January 1, 2019 through December 31, 2019. These projects will establish connections to the nationwide intercity bus network operated by Greyhound and its interline partners, and it is intended to help sustain the remaining unsubsidized service provided by that network.

The FTA in-kind match program, which was made permanent under MAP-21, allows the use of an intercity bus company's unsubsidized costs as local in-kind match for feeder service projects funded under FTA Section 5311(f). The Ohio DOT intends to fund the GoBus service project using 5311(f) funds and Greyhound intends to provide the eligible local in-kind match consistent with FTA guidelines for the in-kind match program.

The in-kind match is based on Greyhound service illustrated in the attached Exhibit A, which details the match calculation. The match amount is based on Greyhound's fully allocated costs for the 12-month period ending December 31, 2018. Since the available local match amount will change as the company's costs change, Greyhound may need to confirm the available match annually.

Greyhound's agreement to provide the in-kind match is conditioned upon the following:

- Carrier must use Greyhound "Connect" decals on coaches used to operate the service and marketing material.
- Carrier must implement Greyhound ticketing (using NBTS or another system compatible with Greyhound's TRIPS system and as approved by Greyhound) at a minimum of 20% of locations along the subsidized route.
- Any changes to routes and/or schedules subject to the subsidy without Greyhound's approval shall invalidate Greyhound's match commitment.

Greyhound will consult with Hocking Athens Perry Community Action (HAPCAP) and the Ohio DOT before making any significant schedule changes that could affect the project. We expect the same from HAPCAP and Ohio DOT and the carrier(s) operating these feeder services. Greyhound reserves the right to terminate the offer of in-kind match should HAPCAP cease operations, revise the service in a manner that it no longer provides a meaningful and complimentary connection to Greyhound and/or revises the project service and/or operates related service that competes with Greyhound.

We appreciate the efforts of HAPCAP and Ohio DOT in developing and making available funding through the FTA Section 5311(f) program. If you have any questions or need any additional information, please contact LePhan Quach at 214-849-8531 or Lephan.quach@greyhound.com or Stephanie Gonterman at 972-239-4401 or stephanie@Isaacs-assoc.com.

Sincerely,

John Baranowski
Senior Director

Carrier Agreement to In-Kind Match Terms:

Hocking Athens Perry Community Action

By: _____

Title: _____

Date: _____

Greyhound will submit In-Kind match letter upon receipt of agreement from carrier. Greyhound's commitment to in-kind match is not effective until receipt of carrier's written agreement to these terms.
